SECOM-D-269

MEMORANDUM FOR: Chairman, Compartmentation Subcommittee

FROM : G. Marvin Gentile  
Chairman, Security Committee

SUBJECT : Duty and Travel Restrictions ☐

25X1

1. ☐ Currently the DCI Security Committee has in effect a listing of countries in which visits, travel, and assignment are considered to be a hazardous activity. This listing is also used by the SIGINT and COMIREX Committees in their regulations and manuals.

2. ☐ By this memorandum, the Compartmentation Subcommittee is assigned responsibility to maintain this list and make appropriate recommendations to the DCI Security Committee for additions to and deletions from it. The Security Committee Staff will handle the coordination of recommended changes with the Chairmen of SIGINT and COMIREX.

3. ☐ Current duty and travel restrictions apply to travel to Lebanon and Syria by persons indoctrinated for sensitive intelligence. The end of the hostilities in Lebanon suggests that travel to that country may no longer need to be restricted for security reasons. The change in Syria's attitudes toward the United States in connection with Middle East peace initiatives similarly suggests that it may no longer need to be included among those countries to which travel by indoctrinated persons is restricted.

4. ☐ It is requested that the Compartmentation Subcommittee review the total current listing to insure that it is current and valid.
